

# Loddon Murray Community Leadership Program 2024 Calendar

Developing inspired and capable  
leaders, who can influence  
change and drive self determined  
rural and regional communities.

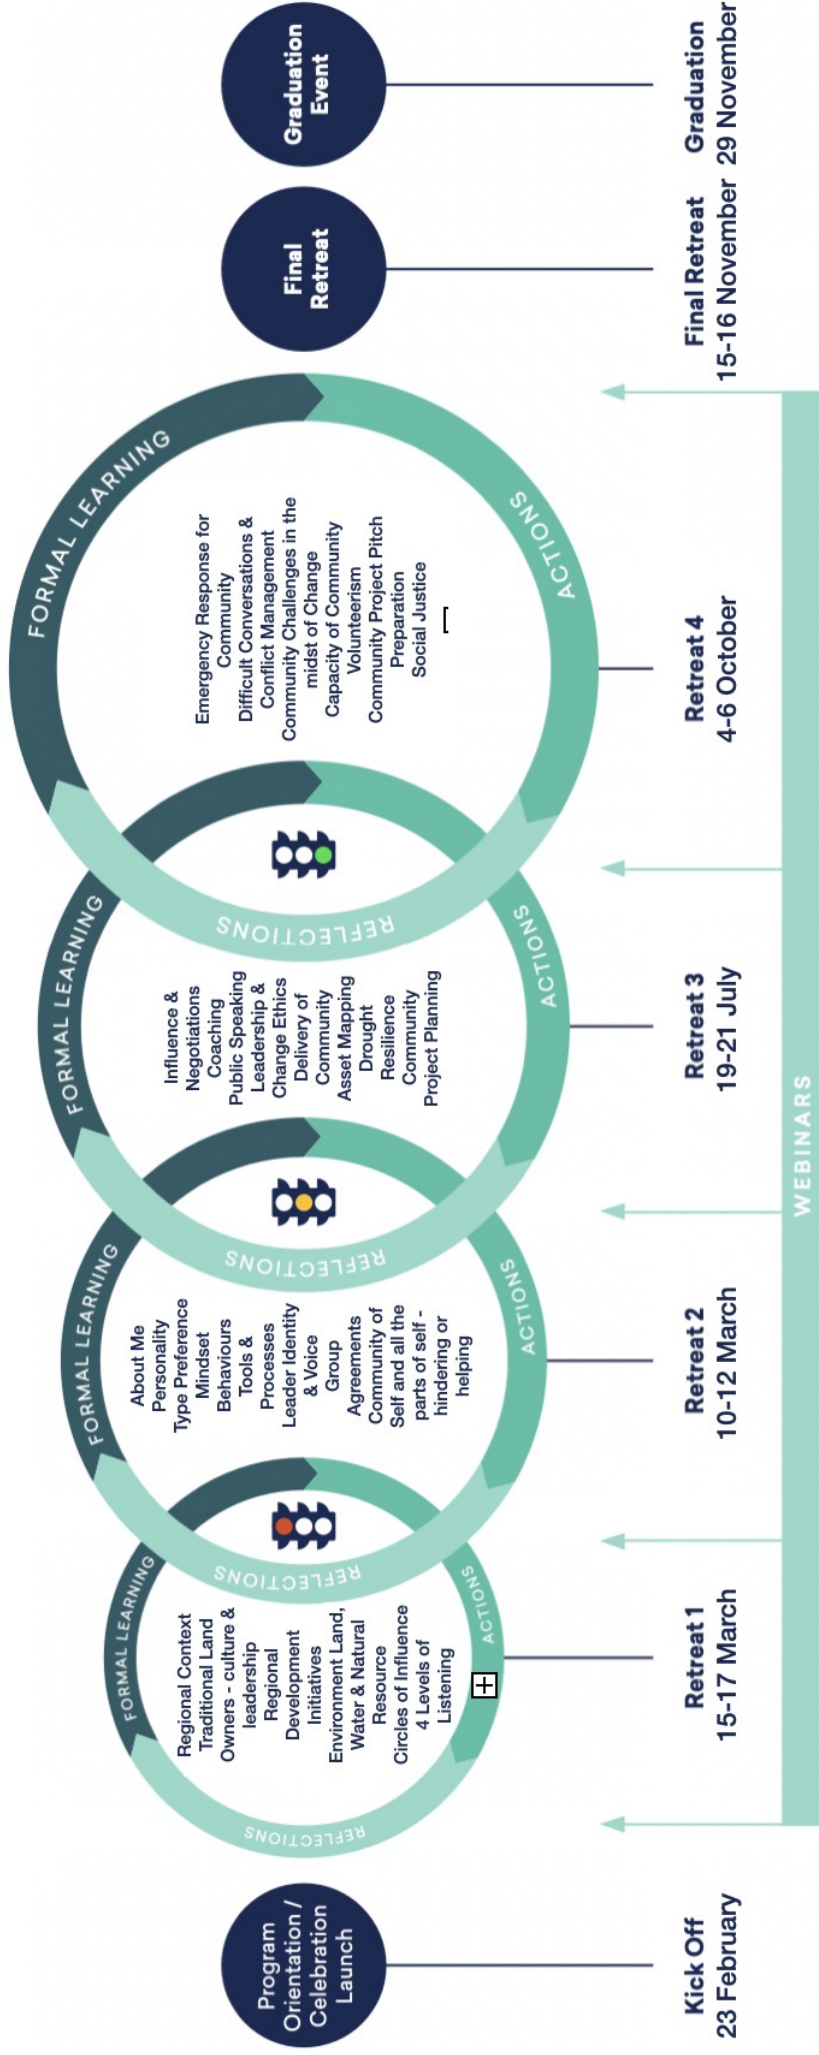

“What an honour it was to be amongst some truly incredible emerging and current leaders. I loved the range of experiences we had and the exploration of the wonderful communities in the Loddon Murray Regions. I was exposed to amazing people with incredible stories to share - allowing us as participants to see the world from so many perspectives. It was a journey of learning that I will never forget”

Elaine Hamilton 2014, Echuca
